PROFESSIONAL SUMMARY

Final-year B. Tech CS (AI) student skilled in Python, Salesforce (Apex, LWC, SOQL), and web technologies. Experienced in team-based projects including a real-time Computer Vision system and a Building Management System. Certified in Salesforce, AWS Cloud, and Python. Seeking a software development or CRM engineering role to apply strong problem-solving and technical skills.

EDUCATION

Bachelor of Technology (B. Tech) – Computer Science & Engineering 2022-2026

Dr. A.P.J. Abdul Kalam Technical University (AKTU), Lucknow
CGPA: 7.568 / 10 (up to 7th Semester) | Overall: 75.68%

Intermediate – Class XII (Science) 2022

Central Board of Secondary Education (CBSE)
Percentage: 77.53%

High School – Class X 2020

Central Board of Secondary Education (CBSE)
Percentage: 67.12%

TECHNICAL SKILLS

Programming Languages: C, Python 3, JavaScript, Apex

Web Technologies: HTML5, CSS3, Bootstrap4, Lightning Web Components (LWC)

Salesforce Technologies: Apex, LWC, SOQL, SOSL, Salesforce CLI (SFDX), Developer Console, Workbench

Database: Oracle 10G, SOQL

Version Control: Git, GitHub

Developer Tools: Visual StudioCode, Dev C++, Eclipse for Python

Operating System: Windows 11

PROJECTS

Drowsiness Detection System 2025-2026

Tech Stack: Python, OpenCV | Role: Developer | Team Size: 5

- Developing a real-time driver drowsiness detection system using facial landmark detection to monitor eye-closure patterns and trigger audio-visual alerts, enhancing road safety.
- Designing a low-latency video processing pipeline for production-level performance, collaborating in an Agile team of 5 across architecture, coding, and integration testing.

Building Management System

Aug 2024 – Oct 2024

Tech Stack: Python | Role: Developer | Team Size: 4

- Built a comprehensive BMS using OOP principles with classes for tenants, rooms, and billing, featuring structured modules for resource management, maintenance records, and operational workflows.
- Delivered a clean, modular codebase within a 3-month timeline across a 4-member team, covering requirements gathering, development, and testing.

CERTIFICATIONS

- Salesforce Agentblazer Champion Badge – Salesforce
- Complete Python Course for Beginners – Udemy
- Python Demonstration for Practice Course – Udemy
- Complete Python Programming – Udemy
- Programming Fundamentals with Python (Part 1 & 2) – Infosys Springboard
- HTML5 – The Language – Infosys Springboard

AREAS OF INTEREST

- Operating Systems
- Salesforce / CRM Development
- Python Development
